MEMORANDUM.

This Return is presented in obedience to the Order of the House of Commons of the 1st July 1914. It continues the Tables given in the Parliamentary Paper, No. 386 of 1914, for the year 1913-14. But for the purposes of convenience it also reproduces part of the figures given in the earlier Returns, namely, those for the decennial periods up to and including 1889-1910 and those for the three years immediately preceding 1914-15.

For the decennial period commencing 1909-10 the means of the figures of the years 1909-10 and 1910-11 have been taken rather than those for 1909-10. As explained on page 18 of the Parliamentary Paper 2204 of 1911 the figures for 1909-10, owing to the delay in passing the Finance Bill of 1909, and the consequent postponement until 1910-11 of the collection of a large amount of the Revenue proper to 1909-10, afford a very misleading index to the financial position of Great Britain and Ireland in that year.

For an explanation of the basis on which the figures for recent years have been compiled, reference should be made to the Memorandum contained in Parliamentary Paper, No. 313 of 1891, to the Financial Relations (England, Scotland and Ireland) Papers (Nos. 93, 305, and 334 of 1893), and to the Returns of Revenue and Expenditure (England, Scotland, and Ireland) which have been issued in subsequent years.
